

Hi Colin,

I wanted to say how much I enjoyed your course. I have implemented some (not all yet) of your ideas and I can honestly say that I have already noticed an upward trend in the number of clients I am seeing. I also wanted to let you know that I thought the way in which you delivered the information at the course was excellent. It wasn't until I got back into my working environment that I realised how much I had learned in just one day. The course "felt" very laid back and relaxed at the time but due to the knowledge I now have at my fingertips, this approach obviously works.

I'm looking forward to continuing with my plan and watching my business continue to grow.

Thanks again,

Joe Price. www.healthrepairfranchise.co.uk
